Crazy 8s

Problem Statement

Begin adding context by reminding ourselves of the problem, situation and user.

Scenario

Reminds the participants of the user scenario they are designing for.

Job/User Story

From the problem statement, to scenarios, the Job or User story will follow.

How Might We...

Here we can include the 'HMWs' as a means of switching to solution mode.

1.

2.

3.

1.	2.	3.	4.
5.	6.	7.	8.

Create Things!
